## 50 Years of Light Gauge Precision.

**As your metal needs change, Heyco Metals changes with you!**

At Heyco Metals, we make it our daily mission to adapt to changing demands, to transform with market needs, and to work in concert with our customers in their developing requirements.

The latest evidence of our commitment can be seen in this list of **new** alloy offerings:

- **C12200**
- **C19500**
- **C24000**
- **C26800**
- **Stainless 420**
- **Nickel 201**
- **Alloy 42**
- **Monel 400**

And we are always looking to expand our gauge capabilities, most recently offering stainless steel as light as **.0012"**!

If you have specialized metal needs, we'd like to hear about them. Tap the knowledge of our experienced sales and engineering team, and see how Heyco Metals can solve your next challenge.

Heyco rolled its first metals in 1969, and 50 years later stands as your premier resource for custom light-gauge quality. **Call (800) 57-HEYCO** today.

**BUILT ON COPPER. STRENGTHENED BY STEEL.  
CELEBRATING IN GOLD.**

***Heyco Metals Golden Anniversary continues throughout 2019.***

Visit [www.HeycoMetals.com](http://www.HeycoMetals.com) for a quote today. It's easier than ever, with our online Inquiry Form. Just click the **"Inquiries"** tab on the Home Page.
