CA Proposition 65 Declaration

Proposition 65, officially known as the [Safe Drinking Water and Toxic Enforcement Act of 1986](#), was enacted as a ballot initiative in November 1986. The proposition protects the state's drinking water sources from being contaminated with chemicals known to cause cancer, birth defects or other reproductive harm, and requires businesses to inform Californians about exposures to such chemicals. Further information and an updated list can be reviewed by visiting <https://oehha.ca.gov/proposition-65>

Heyco Metals processes a wide variety of rolled metallic products with a broad range of elements constituting the makeup of our strip products. To date, Heyco has identified the following “chemical” to be present in some of the products we process:

- Nickel (metallic) – CAS # 7440-02-0.

The following is a list of alloys currently processed by Heyco Metals that contain Nickel as an alloying element:

- Alloy 42, 725, 752, 770, 7025, 177, 301, 302, 304, 305, 316, 321, 6600, 19010.

This document is intended for informational purposes only. For addition information regarding Proposition 65, please visit the above listed web site.

Sincerely,

Heyco Metals Inc.
